Dear Dieter F. Kindermann,

I am much grateful to write you this letter and hopefully I am doing well in Africa like whites are also doing in Germany through the grace of God.

Dieter F. Kindermann, kindly accept my sympathy about the sudden death of your beloved sister. She rest in perfect peace and may she be at home by the almighty God Amen.

My main concern about this letter is to thank for the greatful work you done although you ~~and~~ have lost your beloved sister and yet you have not forget me may God reachly bless you and your family and also in company.

I have peacefully recieved the sum total of 100 Euro as indicated the letter to enable sustain the next level of education without any hindrance.

I am much happy as I have recieved the money and I believe the money will use it wisely on my education aspect only not anything else.

To conclude it all may God reachly bless you and shower his lessing upon you and your families.

My greeting to your families and all your workers Amen.

Thanks.

Yours Faithfully

Amegbetor Praises.
